### Records Transfer Instructions (Please read carefully in order to avoid delays)

We require **governmental identification** before releasing any patient records. Acceptable government issued identifications are a current North Carolina driver's license, a North Carolina ID card or a US Passport. **Please make a copy of front and back** of your identification and **fax it along with your records transfer request**. Please **do not walk into the office without prior notification to obtain your records**. Due to our busy schedule, it is difficult to produce records on an immediate basis and we ask that this courtesy be given to both the staff and our patients who are in the office. It usually takes from three days to a week to have records duplicated and another three to seven days for the US mail to get to your new dental office. Records are not duplicated on Fridays.
